MEDICINAL.

"IMPOSSIBLE, for you to enjoy motherhood," save the doctor. Sometimes he qualifies the statement, and says: "Impossible without an operation." Yet both these "impossibles" have been made possibles by the use of Dr. Pierce's Favorite Prescription. Many times the hindrances to motherhood are to be found in womanly diseases or weaknesses, which are perfectly and permanently cured by "Favorite Prescription."

This great. regularity and dries debilitating ulceration, and cures female weak-ness. It makes weak women strong and sick

Twish to do do my restingory to hundreds of others as to the value of Dr. Pierce's medicines, writes Mrs. Ida M. De Ford, of Latona, Rubbard Co., Minn. "Have doctored with a great many physicians—some specialists; have twice been in a hospital for treatment. My case has been regarded as a impeless one, and they knew not what the trouble was. Heart was bad; stomach all out of orders tired out; severe pains in all parts of the body; sinking spells, and nearly every allment a woman could have. I took many a bottle of 'patent medicines' without effect. I began taking Dr. Pierce's Favorite Prescription, and ten months afterward I gave birth to a ten-pound boy. All physicians had stated as a fast that I never could bear a child. Both the Loby and myself were strong, and I got along splendidly—thanks to your medicine."

LONDON ASKED ALLIANCE.

London of which C. Kinloch Cooke, a well known writer on foreign and colonial affairs, is editor, publishes striking semi-official articles on Anglo-German relations, from important sources in Berlin and London, which are sure to attract considerable attention. The articles are designed to promote a better state of feeling in England and Germany. In a recapitulation of their relations

asked the German government to co-operate with this country in the coercion of Venezuela. That decision was not, however, taken at Sandringham. In-deed I think I am correct in saying the subject of Venezuela was not mentioned by Emperor William during his visit to the King. Anyhow, it is in every sense a perversion of things to assert that the alliance was due to the cajolery of either the Emperor or his Chancellor. Germany did not force her alliance upon us, nor did she dupe us into a conclusion of the alliance: Moreover, the con-tention that Germany would have been prevented by the force of public opinion in the United States from alone coercing Venezuela, and that but for the alliance with us she would have run the risk of hostilities with the United States s arbitrary and would not be indorsed

that Great Britain, and not Germany, sought the alliance against Venezuela was brought about by the representations from the German Foreign Office. Ger-many had threatened to publish the diplomatic exchanges between the Ger-man and British Foreign Offices unless Great Britain immediately shouldered the responsibility for the alliance. This threat was induced by the anti-German feeling aroused in the United States by events in Venezuelan waters.

Sidney Miller, a negro, from Nottoway county, who has been examined by a lunacy commission, has what the doctors call "leuea derma," that is, he is becoming white. Miller was a very dark-skinned negro, and is rapidly turning white. One-half of his body is white, and in a few years he will be entirely white. His breast is so white that the small blue veins beneath the skin are plainly visible. The change of color has reached the neck and is spreading. Miller is a victim of religious excitement, and claims that he has been commissioned to preach salvation to the world. Call and have a

GRAFTING OF PICSKIN.-A successful GRAFTING OF PICKEN.—A successful operation of the grafting of pigskin upon the human being has been accomplished at the University of Virginia Hospital by a member of the medical faculty. The patient, John Porter, son of Professor Porter, of the chair of astronomy, University of Clincinnati, had the skin as large as a dinner plate ground off his limb in a railway collision at the Shenandorh mines, where he was engaged as chemist. The grafting was a narked success, and Mr. Porter will soon be able to leave the hospital.

way, recently gave some interesting information regarding the improvements to be made during the year. The cost is placed at several millions. On the Memphis division the principal features will be the building of a \$30,000 freight depot in Memphis, the rearranging and nlargement of the track facilities of the yards at Memphis and replacing with 80 pound rails all the 56 and 60 pound rails on the Memphis division at all points where the change has not been made heretofore. Mr. Ackert denies that the Southern will extend the Memphis divis-ion from Stevenson, Ala., into Chattanooga, explaining that the road has a long-term contract with the Nashville, Chattanooga and St. Louis for the use of its tracks. At Birmingham 12 miles of trackage will be built on property bought a short time ago for terminals. This work is to be begun as soon as the material is avaible. At Atlanta no improvement will be undertaken other than those included in the building of the passenger station there by the Southern and the Tennessee Central jointly. Work on this has just begun.
